Importance: High

Joe... FYI--I blind copied you instead of just copying you on Reid's original e-mail, which did not show up on the e-mail below. Reminder... This electronic copy is w/o the bc's listed on the letter. Have a good day! Chris

Hi Joe,
Just checking in as to whether your staff was able to send in information regarding DSI? If so, I can keep my eyes open for the mail cart. Thanks.

Brad Reid, Air Quality Division

Thanks Shelley---the date helps us to have a point of completion to focus on. We will plan to have a report to you by then.
Thanks

Joe Citta

Subject: Requested information for BART/Regional Haze SIP

Joe -

In response to your request for a timeframe by when we would need the requested information, as you know we are operating on borrowed time. The SIP is well past the deadline and EPA is working with us only because they know we are making progress toward a submittal. That said, we require the information sooner rather than later. We are targeting a mid-April submittal timeframe. We will require a 3-4 weeks to review the materials you submit to us and finish compiling the response summary once we have the material from you. Therefore, having the information by March 18th would be most beneficial to reaching that timeframe. Thank you.

Shelley Schneider
